COLLECTING MEDALS THE HARD WAY

Brent Brown,
Waco, Texas

The 1981 and 1982 Texas Walkfest medals feature the Nimitz Hotel and Lange's Mill, Fredericksburg area tourist attractions.

Some TNA members may perhaps remember a medal display at the 1975 convention featuring German Volksmarch or hiking medals collected by the author in Europe. These medals are awarded to participants in organized hikes which are quite popular in Europe. The Volksmarch, primarily of German origin, is popular in most of Europe, Mexico and the United States. In the U.S. it was first introduced in Texas but has now spread to all states including Hawaii.

The Volksmarch (the people's walk) consists of a hike over a course usually 10 to 25 kilometers long. Participants are given the option of enjoying a short walk or a longer hike. Routes are well marked and are usually on established trails. Frequently the path is a country road but a few hikes such as those held at Glenrose

follow paths up and down the hills. Organizers of the hikes have water stops along the routes as well as persons who monitor the routes should a hiker develop a problem.

While the Volksmarch is a fund raiser for the sponsor, the main purpose of the hike is to have a good time and enjoy the outdoors. It is not a race. There is no time limit to finish the hike and participants are encouraged to take their time. Crowds are usually rare since participants can start anytime within a 4 to 6 hour period. All participants who pay the entry fee and complete the walk are awarded a medal. If you just wish to walk the route and not receive a medal, you are invited to hike at no charge.

Routes are usually selected so that persons of all ages may attend. Most

routes are negotiable by persons with crutches or strollers. Our second son enjoyed his first Volksmarch at 6 weeks of age riding in his wagon.

Volksmarches are annual 2-day events but hikes may be held in the same areas many times a year. Houston, San Antonio, Dallas-Ft. Worth,

A souvenir from the 1982 San Antonio Walkfest.

and Fredericksburg are among those areas which have several hikes annually. Fredericksburg is unique in that it has a sanctioned Volksmarch which may be hiked any day of the year.

Medals usually feature some local theme and are dated. Designs are changed annually. Those who wish to hike both the long and short walk often have the option to secure medals from previous years. Most medals are brass, bronze, aluminum or copper nickel. They come in a variety of shapes, may have a ribbon, or may be enameled.

Hikes are sanctioned by the American Volkspport Association (AVA), the U.S. representative of the Internationaler Volkspport Verband (IVV). These organizations promote good will among participants as well as helping new events begin. The IVV sponsors events in bicycling, snow skiing, swimming, as well as hiking. Those who attend the annual IVV events in Fredericksburg have the option of hiking one day and swimming the next, thereby receiving two different medals for his efforts.

Participants in IVV sanctioned events may also receive special awards for the number of events they attend and for the total distance they have walked. Distance awards can be accumulated up to 10,000 kilometers walked and beyond. Event awards are given for every 25 events up to 600 and for every 50 events beyond this. There is no time limit in accumulating these special awards and events participated in any country which has an IVV representative may be applied to the total accumulation.

PLEASE NOTE!!

A shuttle bus will be making regular runs between the La Quinta Royale Motor Hotel and the Bayfront Plaza Convention Center for all guests attending the 1983 Texas Numismatic Assn. convention on April 15, 16, 17 in Corpus Christi.

THE STORY BEHIND THE COIN

Lee Grossman,
San Antonio, Tx.

LICINIUS I - HE COULDN'T LEAVE WELL ENOUGH ALONE

It was the year 308 A.D., and the Congress of Carnuntum had just degraded Constantine from Augustus to the rank of Caesar. His vacant post as Augustus of the West was given to Valerius Licinianus Licinius, who was a close friend of Galerius.

The following year, Constantine was once again voted in as Augustus. In the spring of 303, Licinius made an agreement with Constantine as an ally. Constantine and Licinius met at Milan, and after celebrating the marriage of Licinius to Constantine (Constantine's half-sister), they issued the famous Edict of Milan, which granted complete religious freedom to the subjects of the Roman Empire.

The eastern part of the Empire was ruled by Maximinus, who crossed over from Asia Minor and had invaded Licinius' territory, taking several cities as he advanced through Thrace (Greece). Licinius rushed from Milan to meet him and in a battle fought on April 30, 313, Maximinus was completely defeated. Maximinus escaped capture by disguising himself as a slave. When Maximinus became ill in the autumn of 313 A.D. and died at Tarsus, the entire Eastern part of the Roman Empire came under the control of Licinius.

A decade of joint rule by Licinius and Constantine followed, but there was bad blood between them. As early as 314 A.D., there were strained

relations and two battles were fought, with neither Augustus a clear winner.

Licinius was so sure that he would defeat Constantine in the second battle, he proclaimed one of his generals, Aurelius Valerius Valens, as emperor to replace Constantine - prior to the battle! But one of the peace terms following the second battle was to depose Valens and he was put to death.

Three new Caesars were appointed on March 1, 317 A.D. Flavius Julius Crispus and Flavius Claudius Constantinus (Constantine II) were sons of Constantine, and Valerius Licinianus Licinius (Licinius II) was the son of Licinius. In 324, however, the rivalry between the two Augusti came to a head, and two more battles (one at Hadrianopolis in July; the other at Chrysopolis in September) were enough to put the lid on Licinius' fate.

Through the intervention of Constantia, wife of Licinius and Constantine's half-sister, the lives of Licinius I and his son were spared, and they were allowed to return to private life.

But Licinius just couldn't leave well enough alone. He soon began to plot against Constantine the Great and was put to death.

During the reign of Licinius, 15 mints were kept busy issuing gold and bronze coins. The only silver was a

In a recent letter from Dr. Robert Greenwood, District IV governor, there was a suggestion that we follow the lead of some of our sister - how about that all you "libbers"? I said sister and not brother - clubs and have a TNA "opinion table" at the Greater Houston Coin Club show. He further suggested that we, the TNA, obtain a set of 10 Genuine Characteristic Reference Reports." This has also been done. They will be available as an aid to the program. Our participation will be the same as other clubs using the same guide sheets which are kept in the custody of the treasurer, Mac Kennady.

Earlier this month I was called as a volunteer, to a part of the Houston Independent School District to speak to a group of sub-teenagers. This group was comprised of nine and ten year olds who have a club within the framework of H.I.S.D. My offer went into the mill a full three years ago and

I had thought I had been forgotten. There are 13 of the children in the club but only nine were present. I pushed TNA very strongly due to the fact that children of nine are permitted to join while one must be 11 to join ANA. Each child was given an Indian Head cent as a gift plus an application to TNA. I started to speak but there were so many hands up and questions asked that I just dropped the talk and instituted a question and answer program. This lasted for almost an hour and was only broken up by the announcement that the buses were about to leave. They seemed to enjoy the session and I certainly did.

It is not too early to start planning that exhibit for TNA at Corpus Christi. I am planning to exhibit and I started after the Ft. Worth convention and still feel that I am running short of time to do the job that needs to be done.

Attribution of a coin means identification by country, design, inscription, denomination, date, mint mark, edge type, alloy, designer, engraver, former owners and any other available information.

HAVE - requested an Application to Exhibit, Rules, etc. (you still can, but **DO IT TODAY**):

WILL - read carefully and comply with the rules in so far as you possibly can:

That's great! Thanks for your cooperative participation.

May I suggest that you -

USE - the Judge's scoring sheet as your guide:

CHOOSE - a title which your exhibit will satisfy: e.g. "Lincoln Medals" includes a BUNCH but "Lincoln Medals from the U.S. Mint" limits the number considerably:

MAKE - your exhibit attractive to All but be careful. You are exhibiting numismatics, not art. Too much window dressing can detract:

MAKE - your story concise, brief, so the non-collector will read it:

MAKE - your numismatic information and bibliography separate

and complete, for hobbyists and judges:

REMEMBER - the special Joe B. Davis award for best Mexican exhibit and the L. G. Davenport award for the best exhibit of Numismatic Errors, both named for their donors.

HAVE FUN! YOU can make this a good show.

 Exhibit Chairman

TNA Educational Program To Feature Cervin, Davis

Visitors attending the Texas Numismatic Association's convention in Corpus Christi on April 15, 16, 17 will have an exceptional opportunity to enjoy an educational program presented by Dave R. Cervin of Amarillo and Dr. Wallace E. Davis of Corpus Christi.

Cervin's principal numismatic

DR. WALLACE E. DAVIS

interest centers around early Anno Domini dated coins. His collection is the fifth largest in the world, being exceeded by three museums in Europe and by the American Numismatic Society in the United States. Awards include the Howland Wood for exhibiting and the Heath Literary for writing. Cervin is one of five to receive this coveted double.

Other interests of Cervin include the regnally dated coinage of the Byzantine Empire, and early Christian symbolism on coins. Cervin is the originator and administrator of the Roman Coin Project for juniors. This

program rewards young numismatists with Roman and Byzantine coins for doing things in numismatics in a prescribed manner.

A registered architect and professional engineer, Cervin's vocation is that of home designer-builder. He also is the owner-operator of a lumber yard.

Dr. Davis, Dean of Education at Corpus Christi State University, will

DAVE R. CERVIN

speak on the subject "How The American Colonists Made Their Living." On display will be coins used by the colonists to carry on their daily business transactions.

Dr. Davis, who holds B.A. and M.A. degrees in American History, has served as Dean of Education since 1973 and has been in the teaching profession since 1952 beginning his career in Iowa Park, Tx. Dr. Davis has been associated with the Corpus Christi education system since 1955.

Dr. Davis has participated as

CONVENTION PLANNERS

Final arrangements to host the Texas Numismatic Association's 25th convention in Corpus Christi are progressing nicely, according to Bill Tate, general chairman. The event will be held in Corpus Christi on April 15, 16, 17 at Bayfront Plaza Convention Center hosted by Corpus Christi Coin Club.

Convention duties have been taken over by John C. Face as bourse chairman; Norma Mather, exhibit chairman; C.H. Roberts, educational program; Ouida Davis, registration; Glen W. Littrell, publicity; Dianne Tate, entertainment; Ross Barrera, breakfast arrangements; Louis Gonzales, awards and badges; Billy Miller, display cases and Floyd Bieniek, security.

World War II made copper and nickel too important to the war effort for use in coins. So a new 5¢ piece appeared: 56 percent copper, 9 percent manganese and 35 percent silver. The new coins were called "silver nickels" and "nickel-less nickels," but the term "wartime nickels" caught on, and then shortened to "warnix."

BEP ISSUES SECOND 1983 SOUVENIR CARD

The Bureau of Engraving & Printing has issued the second souvenir card of the Fiscal Year 1983 Program commemorating the 28th annual convention of the Florida United Numismatists, Inc. held in Orlando, Fla., January 5-8. The card was issued at the exhibit site, the Bureau's Visitor Center, and by mail order beginning January 5.

The card features the reverse of the \$100 Treasury or "Coin" note issued under legislation of July 14, 1890. These notes were backed by metallic reserves, hence the term coin notes. The \$100 and \$1,000 notes of the 1890 series bear ornately engraved backs and get the name of "watermelon" notes because of the obvious and intricate rounded design of the zeros. The card is printed on a combination of 1-color offset and 1-color intaglio presses.

Cost of the cards by mail is \$5 per card with a discount of 50¢ per card for bulk orders of 10 or more. Orders accompanied by remittance in the form of a check or money order payable to BEP should be addressed

to Public Affairs, Bureau of Engraving & Printing, Washington, D.C. 20228. Allow 90 days for delivery.

YUGOSLAVIA TO ISSUE 1984 OLYMPIC COINS

The National Bank of Yugoslavia will issue a total of 18 proof quality, legal tender coins to commemorate the first winter games to be held in that country. Yugoslavia will host the XIV Winter Games in Sarajevo in February, 1984.

Fifteen silver coins will be issued in five series of three coins per series. Each series will include three denominations: 100 Dinars, 250 Dinars and 500 Dinars, with each coin depicting a design related to one of three basic themes. The 100 Dinar Silver proof coins will feature the various disciplines of "Ice Sports," the 250 Dinar "Historical Sites and Figures" and the 500 Dinar "Snow Sports." There is a maximum mintage of 110,000 for each coin.

Also, there will be three gold proof coins each bearing the denomination of 5000 Dinars, with a mintage of 55,000 each.

Cameras, binoculars, comfortable shoes and a "sombrero" to ward off the warm Texas sunshine will be in order when visitors arrive in Corpus Christi for the Texas Numismatic Association convention on April 15-17.

Some exciting activities are being planned (all tentative) for convention visitors: a drive to Padre Island National Seashore on Friday at 1 P.M. and, weather permitting, there will be time to walk the beach in search of beautiful and unusual shells and other beachcombing treasures; and a shopping spree is scheduled for Saturday, 9:30 A.M. to Corpus Christi's new Sunrise Mall which houses over 50 unique shops and internationally known retail establishments. Advance reservations must be made at the registration desk at the convention.

Fishing outings for the day or half day are always available by contacting the Corpus Christi Chamber of Commerce, 1201 N. Shoreline, Corpus Christi, Tx. 78401, phone 512-882-6161. Charges vary for these outings.

Individual proof coins were available to collectors at a small charge over face value beginning in 1858 from the Philadelphia mint. It was stopped in 1915 but resumed in 1936.

For the design of the Shield nickel, James B. Longacre used a large U.S. shield in an inverted laurel wreath similar to the design he had drawn three years before for the 2¢.

COLLECTIONS WANTED

We are actively seeking collections—USA, Mexico and Latin American. Any size. If you are seriously thinking of selling your collection, we will either buy outright, trade for bullion coins, or handle thru one of our auctions—whichever will bring you the best price for your collection. We will also consider individual rarities, especially in gold or silver.

If interested, please contact Dr. George Vogt. We are also interested in servicing your want list.
